

The logo features the word "HAGIE" in large, bold, black letters with a white diagonal slash. Below it, "UpFront" is written in a smaller, italicized black font. To the right of "HAGIE" is a red circle with a white dot in the center, and a red swoosh that curves down and to the right. Below "UpFront" is the number "204" in large, bold, red letters with a white outline. A yellow swoosh curves up and to the right from the bottom of "204".

DETASSELER IDENTIFICATION

Each Hagie detasseler is identified by means of a frame serial number. This serial number denotes the model, the year in which it was built, and the number of the detasseler. As for further identification, the engine has a serial number, the hydrostatic pump has a serial number, the wheel motors have identification tags, and the planetary hubs have identification plates that describe the type of mount and gear ratio. To insure prompt, efficient service when ordering parts or requesting service repairs from Hagie Manufacturing Company, record the serial and identification numbers in the space provided below.

NOTE: Reference to left hand and right hand used throughout this manual refers to the position when seated in the operator's seat facing forward.
